

## Sprains, Bruises Stiff Muscles

Sloan's Liniment will save hours of suffering. For bruise or sprain it gives instant relief. It arrests inflammation and thus prevents more serious troubles developing. No need to rub it in—it acts at once, instantly relieving the pain, however severe it may be.

Here's Proof  
Charles Johnson, P. O. Box 108, Lawrence, Mo., writes: "I sprained my ankle and dislocated my left hip by falling out of a third story window six months ago. I went on crutches for four months, then I started to use some of your Liniment, according to your directions, and I must say that it is helping me wonderfully. I threw my crutches away. Only used two bottles of your Liniment and now I am walking quite well with one cane. I never will be without Sloan's Liniment."

### NO MORE OVERDRAFTS

All National banks in Mt. Sterling have received orders from the Comptroller of Currency for the immediate abolishment of overdrafts. The order is effective at once and has been sent to every National bank in the United States.

This means that if you have a certain sum in bank and you should thoughtlessly, or purposely issue checks in excess of that amount, thereby overdrawing your account, you are apt to find yourself in trouble with Uncle Sam.

The notice directs all National banks to have their directors adopt resolutions forbidding officers and employees "to pay or charge to the account of any depositor any check of such depositor when there are not sufficient funds on deposit to the credit of the drawer of the check to meet the same."

The notice goes further to say that the Treasury Department is working with the banking departments of State governments to apply the same rule to deposits in State banks.

In many states this rule will be a severe blow to thousands of big customers of banks as many institutions, especially in Texas have been in the habit of making big loans in the form of overdrafts.

Occasionally we hear of a thing wearing breeches who beats his wife. History tells us the same pastime is in vogue among other savage tribes.

### OPPORTUNITY

They do me wrong who say I come no more

When once I knock and fail to find you in;

For every day I stand outside your door,

And bid you wake, and rise to fight and win.

Wait not, for precious chances pass away;

Weep not for golden ages on the wane;

Each night I burn the records of the day;

At sunrise every soul is born again.

Laugh like a boy at splendors that have sped,

To vanish joys be blind and deaf and dumb;

My judgments seal the dead past with its dead,

But never bind a moment yet to come.

Though deep in mire, wring not your hands and weep;

I lend my arm to all who say, "I can;"

No shamefaced outcast ever sank so deep

But yet might rise and be again a man.

Dost thou behold thy lost youth all aghast?

Dost reel from righteous retribution's blow?

Then turn from blotted archives of the past

And find the future's pages white as snow.

Art thou a mourner? Rouse thee from thy spell;

Each morning gives thee wings to flee from hell,

Each night a star to guide thy feet to heaven.

—Walter Malone, in Munsey's.

### OLLIE NOT ALL-WISE

We take no part in the quarrel between Senators James and Camden, other than to deplore its occurrence. Personality should never have been injected into a question fraught with so much interest to the Democratic party. The subject matter should receive the most dispassionate, kindly and dignified discussion. Nothing is gained by the bombastic, explosive speeches made by Senators Stone and James. The Democratic party is on trial and its deliberations should be signally calm. We do not believe that he is, but if Senator Camden is actuated by ulterior motives, the people will find it out in due season. It does not belong to his fellow-Senator to administer chastisement. The so-called exonerations of Senator James will rebound against him. All the wisdom is not lodged in his cranium.—Richmond Climax-Madisonian.

### Reduction in Living Costs Made Possible by Perfect Product.

The sudden and highly alarming increase in cost of food necessities, such as sugar and flour, demand increased domestic economy. For incomes have not advanced with this war-time soaring of food prices.

Waste of food as well as cost of food must be considered and minimized in these days of exorbitant prices.

Fortunately, the greatest food waste with which the housewife has to contend—bake-day failures and the waste of costly baking materials—is rendered preventable by the perfect leavening power of Calumet Baking Powder.

Calumet is an absolutely sure baking powder of absolute purity. It never fails to produce fully raised bakings that are tender and temptingly delicious. For its wonderful leavening strength never varies. It's always uniform—and always unexcelled.

Calumet costs a mere trifle more than cheap Big Can brands, but it is decidedly more economical to use. For big bulk powders of inferior quality are never dependable—never certain. Consequently failure as frequently as success follows their use. So remember when tempted to save by securing greater baking powder bulk that you sacrifice quality and invite bake-day failures that usually cost many times the price of the Baking Powder.

Many Trust Brand Baking Powders sell at a higher price than Calumet. But none possess the high quality of this excellent leavener—as is conclusively proven by the fact that Calumet received highest awards World's Pure Food Exposition, Chicago; Paris Exposition, France, March, 1912.

To pay more than is asked for Calumet simply means a useless waste of money. To pay less, and obtain an inferior powder, means the useless waste of Baking materials.

Order a can of Calumet. Save a substantial sum on the price asked for Trust Brands when you buy it. Save the flour, sugar, butter and eggs so often wasted by Big Can powders—when you use it. You are safe in ordering Calumet, in trying it, in testing the truth of these claims, for if you are not thoroughly satisfied the purchase price will be refunded by your local dealer.

In buying a can of Calumet send the slip found in the one-pound can to the Calumet Baking Powder Co., Advertising Department, Chicago, Ill., and you will receive one of their handsome 72-page Cook Books, illustrations in colors and a book that will be a guide to economy in the kitchen.

### EVERYBODY WORK

Let's everybody go to work!

Let's forget about the hard times bugaboo and work—work—work!

Let's bring a stream of gold into this community as a result of the next year's work that will chase the wolf away from even the humblest door in the township.

Let's put gold into the pocket of every individual—by work.

Let's feed every stomach with the best in the market—by work.

Let's fill our banks with the profits of the labors of the next twelve months—by work.

Let's write PROSPERITY in capital letters—by work.

We can do it—IF WE WORK.

Any community can do it—by work.

It only requires confidence, intelligence, and WORK—plenty of WORK.

"No work to be had" is often a phantom of the brain. It seldom exists for the man who WANTS TO WORK.

There is work—plenty of it—for people who are looking for WORK instead of a life of ease, or a soft snap.

If work is slack in one line there is always a demand for labor in other lines. Some one is always wanting men—more men. Farmers are at their wits ends over the scarcity of help.

If the job won't hunt you, GO OUT AND HUNT THE JOB.

Don't loaf.

Whittling sticks on a street corner never yet has made a man rich or filled an empty stomach.

Swapping lies in the shade of a tree will not bring gold to an empty pocket.

It requires work—work—plenty of work—AND MORE WORK.

When we wait for money to hunt us the other fellow gets it.

The output of this community might be increased by half—might even be doubled—if everybody worked—worked hard—and kept on working.

It will be a great year for some one, for much gold is coming to this country from abroad.

Who's out for a big slice of that wealth?

Everybody speak at once; THEN GO TO WORK!

Every human being faces the straight road to happiness. But there's many a by-path enroute.

### OF COURSE HE HAD

Right or wrong Senator Camden had the right to express his views on the administration ship-purchase bill, and we believe that Senator James' attack on his fellow statesman was uncalled for. As to the merits of the bill before Congress we take the view of Senator James, but we grant every man, no matter what his standing, the liberty to think as he pleases. The ship-purchase bill, if enacted into law, does not mean that our government will buy interned ships thus bringing about a delicate diplomatic situation. There are other ships that may be purchased and we certainly do need a merchant marine—the shipping trust has too long been in the saddle.—Winchester Democrat.

County Judge Chenault has appointed Mrs. Rosa Lee Howard as Administratrix of the estate of Albert Howard, deceased, and as guardian of the three children. She gave bond in sum of \$10,000. The estate consists of 166 acres of land, personality and cash, and is valued at about \$20,000.

Don't tell us there are no Simopure 18-k gentlemen in this neck of the woods, for we know better. Several of them walked into office and forked over the silver plunks this week. There ought to be a million of 'em.
